The Gregory School District and SCCD Inc share in a partnership agreement.

SCCD Inc Head Start provides a Head Start preschool teacher that works as a co-teacher in the preschool program.

Our preschool teacher offers home visits with families every other week for students who are enrolled at the school and weekly visits for families that are only enrolled in our Home-Base option.

The partnership is known as a Locally Designed Option which was implemented to provide parents with both a school component as well as a home visit portion.
